IMPORTANT NOTES:

- Travertine, Onyx, Fusion, Stardust and Translucent Collections
 - a. It is not possible to achieve consistent repetitive pattern during manufacturing. The samples shown here do not represent the full veining pattern.
 - b. Due to the natural veining in these two collections, miter joint is recommended for "L-shaped" kitchen work top.
- Dark colours require higher maintenance.
- Customised colours can be arranged.
- Designs and Colours may vary from actual samples.

Sky Blue (S-602)

Peach Concrete (C-051)

Finesand (NG-2)
